At Jay Johnson & Associates, it is our mission to develop, promote, and maintain a culture of safety within all our client companies.

We specialize in providing contract safety management for owner / operators without the time for compliance, small companies unable to afford a full-time safety manager, and larger carriers that need specialized help.

We are California Licensed Independent Insurance Adjusters (Lic #2N60029).

Subscription clients receive additional benefits and support, as listed to the right.
