

2024 CTA SAFETY & COMPLIANCE SEMINARS!

2024 brings completely refreshed presentations and the introduction of new topics!

March 21 & September 19

- Sailing Through Your BIT
 - This is CTA's most popular and comprehensive webinar. It provides an in-depth understanding of the requirements set forth by California's Basic Inspection of Terminal (BIT) Program.

April 18 & October 17

- NEW! FMCSA Portal Essentials: From Basics to Advanced
 - This webinar offers a deep dive into the FMCSA Portal, highlighting the critical changes that have taken place in 2024.

May 16 & November 21

- Compliance on Tap: Controlled Substance and Alcohol Testing (CSAT)
 - We will cover the Controlled Substance and Alcohol Testing regulations, as well as testing requirements, random selections and notifications, return to duty tests, Substance Abuse Professionals (SAP), and more.
- Reasonable Suspicion Training for Supervisors
 - We'll teach you how to identify signs of drug and alcohol use, as well as what steps to take if you have reasonable suspicion to believe that one of your drivers is abusing drugs or alcohol.

June 20

- Hours of Service
 - We'll provide you with actionable and practical training on how to proactively protect your company and drivers from the costly consequences of hours-of-service (HOS) violations!
- Truck Inspection and Maintenance Programs - Interstate and Intrastate Requirements
 - What does a "compliant" maintenance program consist of? Is having "perfect" equipment without any deficiencies during a scheduled inspection considered a "red flag?" Can you answer those questions? Together, we can!

August 15

- Accident Management for Motor Carriers
 - We'll look at some of the steps you need to take to collect records and document the incident post-accident from the perspectives of the accident investigator, insurance adjuster, and transportation attorney.
